Vijayawada

MPC with 83.5%

Secondary [High School]

Sri Viswasanthi

Aug 2013 - June 2019

Vuyyuru

9.8/10 CGPA

Project Experience

Library Management System

HTML, CSS, Hibernate, MySQL

May 2023 - July 2023

- The project will maintain all the records of books, including data on who has borrowed the book, the date of borrowing, and the return date.
- This application is useful for the management of any physical library .In the implementation, Hibernate functions as the middleware layer.

Hotel Management System

HTML , CSS, SpringBoot, MySQL

Aug 2023 - Dec 2023

- The project manages all the records of booked rooms and their availability.
- This application consists of three modules: one for clients, another for employees, and a third for administrators. In the client module, users can book, cancel, and check the availability of rooms.
- The employee module allows staff to view customer details related to room bookings, and the admin module provides access to administrative functions.
